- 4 **South Warwickshire Local Plan (SWLP):** Jo Bozdoganli reported that an update would be distributed on Monday 18 May for discussion at a joint council meeting on 28 May, <https://www.southwarwickshire.org.uk/swlp/>. Consultation will be from 12 June to 27 July. Manuela Perteghella expressed concern about pushback from residents and speculative statements being made on social media about the line of the western by-pass. She requested briefing from either John Careford or George Cowcher as to the planned route.

Note: a broad indicative line for the by-pass shown on the policies map was published after the meeting.

5 Integrated Transport Strategy & Action Plan:

1 Western by-pass this is included in the SWLP report.

Stratford-upon-Avon Transport Project Status

| | Project | Status | Action | Last Update |
|---|--|---|--------|----------------------|
| 1 | Pedestrian priority of Bridge Street & High Street | <p>The Strategic Partnership has now been advised that a Masterplan is to be tendered, which will provide 2 options:</p> <ol style="list-style-type: none"> 1. Low level intervention plan that will deliver on a modest level, the key aims and objectives and can be implemented within 12 months (subject to TRO and other statutory permissions) at a reasonable cost. Designed to RIBA 4 including any technical surveys required to inform this. 2. Aspiring intervention plan that will deliver on a more aspirational level, the key aims and objectives and could be implemented within 24 - 36 months (subject to TRO and other statutory permissions) subject to funding. RIBA stage 2 only. <p>CS had pointed out to WCC that there has been a lot of work done previously, and to expedite the outcome it would be essential to ensure all was considered and not repeated. To this end, he noted that WCC's briefing had omitted the 2009 "Walkable Core" report which set out proposals and basis which are considered by many to be the most comprehensive and could shorten some of the timescales in the proposal.</p> <p>No update</p> | WCC | 13.02.26 14.05.26 |
| 2 | Birmingham Road | <p>LG meetings with WCC project group ongoing.</p> <p>Dangerous side road entries and exists exist at Oakleigh Road and Justins Avenue:</p> <p>CS has corresponded several times with Richard Fenwick (Director of Highways)</p> | | |

| | | | | |
|---|---|---|--|---|
| | | <p>since mid-December. The latest response is that while WCC consider the side roads safe, they are now looking at what changes can be made. CS has reiterated the concern that the junctions are non-compliant particularly in terms of sight line obstruction due to the two-lane approach from the right.</p> <p>LG advised reinstatement of ghost islands or traffic signals are now under consideration. CS noted these were the options put forward in his emails starting 14 October 25.</p> <p>Richard Fenwick advised changes being looked at. TTG members reinforced the urgency.</p> <p>No update</p> | <p>WCC</p> <p>WCC</p> | <p>13.02.26</p> <p>12.03.26</p> <p>14.05.26</p> |
| 3 | Clopton Bridge / Tiddington Road Junction | <p>Original scheme withdrawn.</p> <p>Project now limited to replacing the pelican crossings outside Cox's Yard with a signal-controlled junction.</p> <p>KR advised the scheme has run into difficulties as a sliver of land is required to allow for the circulating lane on the gyratory to be widened to 2-lane. CS and AL repeated their comments from when this proposal was first aired in 2021, questioning whether 2-lanes were needed. CS showed the meeting the layout and traffic figures which he had sent to councillors, illustrating only a relatively small number of vehicles would use the widened 2-lane approach, and suggested this should be reviewed for value for money, when an alternative would be to keep existing kerb lines, and change the electronics from pelicans to traffic signals.</p> <p>WCC insist the planned changes are suitable.</p> <p>KR advised that 2-lanes into town would now be reduced to 1 as TTG suggested!</p> <p>KR not at the meeting.</p> | <p>WCC</p> <p>KR</p> <p>KR</p> <p>KR</p> | <p>12.6.25</p> <p>9.10.25</p> <p>13.11.25</p> <p>13.02.26</p> <p>14.05.26</p> |
| 4 | Evesham Roundabout | <p>Now open, WCC to decide how to connect cycle paths through the junction. WCC still to commission design work.</p> | <p>WCC</p> | <p>14.12.23</p> |

| 5 | Alcester Road A46 Roundabout (Shottery Relief Road) | Meeting 28 Feb. arranged by our MP, confirmed this work will start once Birmingham Road is complete. Work has now started . | | 13.11.25 |
| 6 | Alcester Road Cycle Tracks | Stephen Rumble presented proposals to TTG at 11.7.24 meeting. CS wrote with simple suggestions to accommodate LTN1/20 requirements at junctions on 12.7.24. No response. Councillors to chase. Plans have been shown to Cycle Forum and there will be consultation. Connection to A46 OK, but connection to town is still an issue. AL to arrange meeting with three Councillors. No funding available. | AL | 15.07.25 14.05.26 |
| 7 | Western Bypass | See item 6 on agenda | | 12.03.26 |
| 8 | Greenway All-weather Surfacing | Phase 1: Milcote to SuA works complete, however the surface which was understood to be bonded all weather tar & chip, appears to be loose unwashed round gravel including significant fine material and dust. It has been noted it is difficult to wheel through on bikes, push chairs. S106 wording, which specifies a “sealed all-weather surface on the Greenway between the site and Stratford-upon-Avon, to make the route suitable for cycle commuting and other utility journeys from the site.” Which clearly is not what has been constructed. Still unresolved. KR has received a call from WCC’s Andrew Pau, saying they will be meeting with the contractor to understand why this surface was put in place rather than a chip and tar with composite surface. AP will come back to KR mid-October. WCC now advise they will sweep loose gravel 17 November. Meeting on site with WCC 1.12.25. | WCC KR/CS /ED | 9.10.25 13.11.25 |
