WE ARE RECRUITING Programme / Partnership Manager for the Strategic Partnership

14-21
hours per week

1 year
fixed term
(with review)

THE ROLE

This is a senior, outward facing role that blends programme leadership, partnership coordination and funding brokerage. You'll work with CEO level stakeholders, elected members and senior officers to turn priorities into funded, deliverable projects. You'll coordinate Delivery Groups, track progress, escalate barriers, secure external funding and shape a clear public narrative.

WHO WE'RE LOOKING FOR

If you're an experienced programme or partnership manager, confident driving delivery across matrixed, multi partner environments where organisations bring differing priorities, skilled at building alignment and maintaining pace, and motivated by place shaping, regeneration and community impact, this role offers a rare opportunity to make a meaningful difference in one of the UK's most distinctive towns.
